

Limited Warranty for PV Modules

Qingdao Power World Co., Ltd. warrants to the first customer purchaser that

(1) 1 Solar module , when shipped in its original container, will be free from defective workmanship and materials, and agrees that it will, at its option, either repair the defect or replace the defective module or part thereof with a new or remanufactured equivalent at no charge to the purchaser for parts or labor for the period set forth below.

(2) The limited warranty described herein is according to the standard of TUV IEC61215, IEC 61730 to produce.

(3) Neither the sales personnel of the seller nor any other person is authorized to make any warranties other than those described herein, or to extend the duration of any warranties beyond the time period described below on behalf of us .

(4) The warranties described herein shall be sole and exclusive warranties granted us and shall be the sole and exclusive remedy available to the purchaser. Correction of defects, in the manner and for period of time described herein, shall constitute complete fulfillment of all liabilities and responsibilities of us to the purchaser with respect to module and shall constitute full satisfaction of all claims, whether based on contract, negligence, and strict liability otherwise. In no event shall we be liable, or in any way responsible, for any damages or defects in the module which were caused by repairs or attempted repairs performed by anyone other than us or authorized service provider. Nor shall we is no liable or in any way responsible for any incidental or consequential economic or property damage.

(5) Warranty Period for our module

1. The warranty period for material defects and workmanship is 12 years from the date of purchase.

2. 12 years limited product; limited linear power warranty: 12 years 91.20% of nominal power output, 30 years 80.60% of nominal power output.

3. This warranty is not transferable

This warranty does not apply to any appearance items of the module nor to the additional excluded item set forth below nor to any module the exterior of which has been damaged or defaced, which has been subjected to misuse, abnormal service or handling, or which has been altered or modified in design or construction.

(6) Additional Item(s) Excluded from Warranty Coverage

Warranty coverage does not apply when:

1. The module is improperly installed.

2. The module is installed in a mobile or marine environment, subjected to improper voltage or power surges or abnormal environmental conditions (such as acid rain or other pollution);

3. The components in the construction based on which the module is mounted are defective;

4. External corrosion, mold discoloration or the like occurs;

5. Defects caused by the module being subjected to any of the following: extreme thermal or environmental conditions or rapid changes in such conditions, corrosion, oxidation, unauthorized modifications or connections, unauthorized opening or repair, repair by use of unauthorized spare parts, accident, force of nature (such as lightning strike), influence from chemical product or other acts beyond Qingdao Power World reasonable control (including but not limited to damage by fire, flood, etc.);

6. Death or injury to persons resulting from any cause other than negligence of us , its employees or representatives, and;

7. Incidental, consequential or special damages such as loss of use, loss of profits, revenues, business, goodwill, damage to reputation or expensed payable to a third party. We have no responsibility.

(7) Warranty Claim:

In order to enforce the rights under this limited warranty, the purchaser should follow the steps set forth below and provide proof of purchaser to us .

Be sure to have Proof of Purchase available such as the receipt. If you ship the module, be sure it is insured and packaged securely; We will not be responsible for the costs of transportation for return of the module or for reshipment of any repaired or replaced module or costs associated within installation, de-installation or reinstallation.

In case of any discrepancy in a warranty-claim, a first-class international test-institute such as TUV Rheinland in Cologne, Germany shall be involved to judge the claim finally.
